MAKING WAVES

Making Waves means making a difference. Gallatin Senior High School is devoted to Making Waves. Students who attend Gallatin Senior High School not only make a difference in their community but they make Waves all across Tennessee.

The effort that each student applies is evident through the many honors received by the students of Gallatin Senior High School. The football team's accomplishment in winning their way to the state finals is an event that will forever mark 1987. Each member of the Green Wave Marching band was rewarded when they placed fourth in the state at the Contest of Champions. Many organizations, including the Office Education Association and the Future Homemakers of America, are proud of their members who have excelled at state level. The Math and Computer teams are also evidence of the effort and hard work each student applies toward their goals.

If a student attends Gallatin Senior High School, he will not only remember his accomplishments but he will also remember his expectations and his goals. The most important Waves made at GHS are those made in personal achievement. To realize one's potential and fulfill the goals set at the highest level is to Make Waves.

The performers are a colorful part of GHS.

'I'm So Glad I Go To GHS'

There is always something happening at Gallatin Senior High School. The 1987-88 school year has certainly proven this true. The trophy-lined walls and the display of the top students are things that impress visitors. Even though the building is fifteen years old, its condition is unchanged thanks to the pride of its staff and students.

The option to participate in the activities of GHS are left open to the student; but the more one becomes involved, the more one is able to obtain what each opportunity has to offer. The courses offered at GHS are challenging and also beneficial to the student in terms of their future. The teachers not only prepare those students who are planning to further their education through college, but they also prepare those who are immediately starting a career upon graduation through vocational eduation. The many clubs and organizations sponsored by the faculty along with community groups provide the students with a chance to improve their surroundings as well as help them to become more involved in issues that will affect their future. Whether academics, sports, home economics, or mechanics is one's forte, a student can be sure to find something at GHS in which they can excel. The student's creative abilities are also developed and brought to the public through the art, musical, choral, and performance programs. By involving one's self in the many opportunities offered at GHS, a student will be rewarded in innumerable ways. Not only can one become aware of the successes GHS possesses through academics, athletics, creativity, and extra-curricular programs, a student can make these successes happen and become a winner.

Friends fill the hallways, the library, and the commons area between classes and during break and these times will always be cherished. As the final days prior to graduation become fewer, there is a constant exchange of memories. Each memory and opportunity, though some may be forgotten, will always be held by the walls of Gallatin Senior High School.

HOMECOMING 1987

Homecoming 1987 creates a great surge in the flow of this school year. The theme, "Catch the Wave," is appropriate because this year's changes made it hard for students to resist catching the Green Wave spirit. The massive decorations made by the Juniors, the Freshman-sponsored assembly, the bonfire backed by the Sophomores, and the dance planned by the Seniors are great substitutions for the usual building of the class floats. Students also got a chance to show their Green Wave pride by entering their decorated cars and trucks in the parade.

At the Homecoming game, the Senior football players, cheerleaders, and band members, along with their parents were honored in the special pre-game festivities. At half-time, Claude Murphy, the Grand Marshal, was honored.

Presented at the assembly and at the half-time ceremony were the court members and their escorts as follows: Lamar Duncan and Shelley Banks, Ty Kirby and Amy Lannom, D.J. Gwin and Leanne Haile, Kim Dowland and Ed Oldham, Mira Jane Borders and Doug Alexander, and Jennifer Lamb and David Coley. Capping off the Homecoming week, the Gallatin Green Wave Football Team was Victorious over their opponent Brentwood.

CLASS OF 1988

As a Senior at Gallatin Senior High School, this year has given me the chance to reflect on my high school years. As a member of the first Freshman class to graduate from the high school, I'll never forget how scary it was to enter the high school for the first time as a student. Because it was the first year for the Sophomores also, at least half the student body was running around in total chaos looking for a trustworthy soul to truthfully direct them to each class.

I hope every student realizes how fortunate we are to attend a school like Gallatin Senior High School. Not only are we responsible for keeping our high school neat and well taken care of, but also for the reputation of our school. We are known throughout the state for our competitive spirit in each activity we undertake. With such a vast variety of activities to offer, Gallatin Senior High makes every attempt to allow each and every student the chance to be successful in a particular area.

By involving myself in many aspects of events at the high school, I have been rewarded in innumerable circumstances. Not only have I been aware of the successes our school has achieved academically, athletically, and through extra-curricular programs, but through direct participation I have had the pleasure of enjoying the benefits of each.

High school is generally a time to feel insecure about yourself and the future, and over these years just a kind word from a friend or even a smile has meant so much when I've been discouraged. With each new friend that I made, my confidence increased and I came to view Gallatin Senior High as a place where I am always welcome. The support of each person I have been acquainted with during these years is a characteristic of the special fellowship among students at GHS. The walls of our high school hold many happy memories for me and I can honestly say that I have enjoyed being among the first class to attend such a fine school for four years.

There is something special about Gallatin Senior High School that stands out in my mind and sets it apart from the rest. Maybe it is the pride of the students that set us in a category above the others.

Congratulations to the class of 1988 and best wishes to those of you who are still a part of GHS!

He Loves Flying

Adam Lewis has a hobby different from most other Juniors. His hobby is flying airplanes. Lewis has been taking flying lessons since October of '87. He plans to have his pilot's license by June of '88. Recently he completed his first solo flight. Lewis someday plans to own his own plane, but for now he is renting one at the Gallatin Airport where he takes flying lessons. His worst scare occured when he was coming in for a landing and a crosswind caught him. After Lewis graduates from high school, he plans to go through the Air Force ROTC.

Adam Lewis dreams of flying.

Seeing Double/Double

There are three sets of twins in the Junior class, two of which are fraternal and one which is identical. The fraternal twins are Julie and Jamie Wilson and Chris and Laura Wright. The identical twins are Rachel and Greta Howes, who are both football cheerleaders.

Undoubtably, there are advantages and disadvantages to having a twin. To separate fraternal twins is simple enough, but problems arise quickly when the two are identical. These twins were asked a series of questions about themselves. The answers are as unique as the twins are individuals.

Q: What does your twin do that makes you angry?
A: Greta: Rachel gets on my nerves sometimes.

She Loves Music

Shauna Dotson is just one of many outstanding Juniors. She will be graduating a year earlier than her classmates. After graduation she will attend Vanderbilt University to pursue a career in music. She became fascinated with music at a young age. Her desire is to be a concert pianist. As a part of the mentorship program with Mrs. Glee Breithaupt, she is studying with Enid Katahn, world famous pianist.

In addition to music, Shauna is interested in art. She has painted a variety of pastels using eye make-up and foundation.

While some sophomores grab a bite to eat in basketball concessions, others stuff their mouths with candy bars and chips. Pictured above, **Lucresha Ward** eats a piece of pizza. It's always a race to see if the last piece of pizza can be wolfed down before the bell. Break is a great time to feed a hungry stomach.

While a break is a good time to eat, it is also a great time to do some extra studying. Pictured above **David Leathers** reviews his notes from his last class. Along with studying, break can be used for checking out books, talking to teachers, or just being with friends.

Like all sophomores, **Phil Cooper** has to take Mrs. Fanning's difficult biology. Phil just found out that biology is not a subject that the student can keep his book closed and make good grades. When not using his book, Phil is in lab where he dissects frogs, worms, and sharks.

Some sophomores are just more eager to answer in class than others. Shyness is never a problem for **Skipper Sparkman.** He always has the right answers. For still others, the best part of the day comes at lunchtime. This is time for sharing thoughts with friends and eating good food. **Lisa Duncan** and **Carrie Krall** seem to be making the most out of their last lunch minutes. With freshman year just behind, being a sophomore is like a sandwich. Senior year is far away and it is tough to find identity as an underclassman.

Twins Are Double Fun

The Wakefield twins are unique in that they look alike but neither wants to be in the other's shoes. Hayes explains that there are disadvantages in having a twin. For instance, he states that he is too often compared to his brother. Wade on the other hand, says that it is nice to always have someone with whom plans can be made. Both boys plan to go to college after graduation, but they will probably pursue different careers.

Though they look alike, Hayes and Wade Wakefield are two unique brothers.

Music Runs In Family

K'leetha Gilbert is a very colorful addition to our school. For example, K'leetha is a member of the Green Wave flag corp and is currently in her second year of varsity choir. K'leetha plans to follow in her sister's footsteps by also acquiring a singing career.

K'leetha Gilbert hopes to brighten GHS with her many talents and her cheerful smile.

Freshmen Watch Cartoons Every Saturday Morning

What does the typical Freshman do on a Saturday? Yes, you guessed it, they watch cartoons. When asked what his favorite cartoon was, Matt Barlow responded, "You think you are funny thinking we are little babies don't ya!" Other Freshmen such as Jung Yun, Kate Neville, and Doreen Dempsey liked "Ducktales". The top cartoons were "Smurfs" and "Alvin and the Chipmunks". The Freshmen had a few people who thought cartoons were childish. The following students said that they never watched cartoons: Anneka Staigle, Susan Wilbanks, and David Chitwood. Is this true? (And, yes, Matt, we think we're funny.)

Matt Gregory thinks cartoons are funny.

Freshmen Like All Kinds Of Music/Rap — Rock And Roll

What kind of music do Freshmen like? Freshmen like all kinds of music. Some of the kinds of music are rap, rock and roll, country, and spiritual. The top rap songs are "Boys in the Hood", "Wipeout", and "I Need Love." The top rock songs are "Wild Side", "Carrie", and "Girls, Girls, Girls". Freshmen also like love ballads. The top love ballads are "Always", "I Want to be Your Man", "The Search is Over", and "We've only Just Begun". Yes, freshmen do enjoy life and appreciate good music. They do more than hold up the walls in school. They are people who are just learning how to express themselves.

Top Thirty Are Honored

The Seniors of 1988 have worked long and hard to become a member of the top thirty. Each student's grade point average results from the cumulative averages from each semester the student has attended high school.

Upon making the top thirty, the students are honored by the Rotary Club with a banquet for them and their parents. This year's banquet featured a speaker who was included in the top thirty of his graduating class at Gallatin Senior High School, attorney Charles Bone. The top thirty received awards during the banquet program.

The top thirty Seniors are actively concerned with career and college choices. In the 1988 group, some students have chosen the following schools: The University of Tennessee at Knoxville, Western Kentucky University, and Tennessee Technological University. Career choices in the group include law, medicine, accounting, and engineering, while the most unusual choice is psychiatry.

Chorus Members Selected For State Choirs

Each year members of the chorus and Performers go to Nashville to try out for Mid-State and All-State Choir. Each person sings a piece of music and is graded on pitch, tone, accuracy, and timing. After becoming a member of one of the choirs, everyone must attend a conference in which they practice for hours scales and complex songs. It all pays off in the end. Each choir performs selections of music for an audience who hopefully will applaud profusely.

Each performed a selection of music in front of judges who graded them on accuracy, timing, and pitch. After becoming a member of one of the orchestras, one practices for hours until the big performance where everyone performs to the best of their ability.

Amy Wade is this year's Band Queen. Amy and many other contestants has helped to raise over $8,000.00 for the band. Long hours were spent in counting money and candy. The money will be used to purchase new uniforms and instruments for the band.

There are many honors at Gallatin High School. Students work hard to improve themselves academically.

This year five students from Gallatin are members of Inroads. They attend classes in Nashville on Saturdays and during the summer in which they receive grades for their efforts. Jobs are found for each student where he or she can work.

Many seniors this year have met the requirements of the Tennessee Honors Diploma. The students have to obtain twenty-two credits from required courses and electives to receive the diplomas.

Each year sophomores and juniors are selected to attend the Governor's School including the Schools of Math and Science.

Student's Are Honored/Boys' And Girls' State Selected

This year the Student Council has started a new award. Each month a student from each grade is selected by the Student Council to be Student of the Month. A student must be nominated by a peer or a teacher. There have been sixteen students recognized this year for their efforts.

The students are announced at the beginning of the month, at which time their picture is made for the local paper.

Boys' and Girls' State is selected by determining qualities of leadership, character, honesty, academic achievement, interest in government, and community involvement. Four girls and boys are voted on by the juniors. The top ten boys and girls receiving the most votes are then voted on by the teachers to designate four delegates and two alternates. Within each "city" created at the meetings, governments are created and laws are enforced.

Faculty Focuses On Fun

What do teachers do for fun and entertainment? Everyone found out at faculty follies hosted by the Key Club. For one dollar students were treated to an hour of fun.

Starting off the entertainment were Kim Reed and James Story who "Wanted to Dance". They were followed by the VOE teachers, Mrs. Schreiner and Stephenson and "Dolly Parton," Mrs. Lain working, 9 to 5 with Mr. Herron as boss.

A flute solo ensued with Mrs. Fanning "flying away." The quiet was broken by a jazzercise group with Olivia Newton Prather and the aerobic flashes.

The "real" talent then focused on the singing of Terry Bubb's "La Bamba." More fun bubbled forth with Coach Stephenson's dirty dancing with Mrs. (mom) Johnston. After that, Marvena & the California Raisenettes, the clowns and a dog, and Mr. Fowler singing "Dead Puppies" followed.

Still more to come, Coach Van Atta and Coach May looking lovely and singing equally well were followed by Bob Lannom and his many wives. "Real" talent appeared again when George "Satchamo" Offit jazzed the show up. The Grand Finale was led by Mrs. Wakefield and Mrs. Mayberry performing Guitarzan. All this for a dollar?

Girls Vy For Cheering

To be a cheerleader takes lots of guts. The participants become nervous when it is announced on the intercom for signups. After all the forms are signed and turned in, cheerleading clinic begins. At this time, the girls learn the individual and group cheers, perfecting each one. They perform a mock-tryout to prepare the girls for the "big day", a day most of the girls dread and want to get finished.

Soon comes the day of tryouts, and butterflies fill the stomachs. The girls are called in alphabetical order and each one becomes more nervous as it draws closer to her name. When every girl has finished her cheers, the audience departs to vote and the participants grow anxious to know the winners. No matter who is elected, all the girls are winners.

One Acts Are Varied Plays

In the spotlight this year again were Gallatin High School's Speech and Drama students attired in bright costumes and colorful makeup as the 1988 night of One Acts began. Students played before two sold out shows on April 14th and April 15th.

Beginning the evening was first periods patriotic play. "The Voice of America" by Elizabeth Welch. In this act the youth of today voiced their opinion concerning their place as future leaders.

Woody Allen's "God" (Zeus) followed and was enacted by the fifth period Performance Class. This comedy switched from ancient Athens 500 B.C. to present day Gallatin.

"The Return of the Unicorn" by Jack Kurtz viewed the world as frightening, too rational, and self-centered. In this story presented by third period, a young girl who has seen a unicorn tries desparately to help others see the beautiful animal as well as the beauty of the world.

In Ramon Delgado's "The Little Toy Dog", a long time married couple renewed their marriage by remembering their earlier experiences with each other and others who shaped and touched their lives. This play was presented by the sixth period class.

Bringing the night to a close was second's "The Danes of Our Lives".

Math Team Takes Contest

Once again the finest students that the GHS math classes have to offer competed at the regional contest at Volunteer State Community College. Many hard hours of study, both in and out of class, went into preparing for the contests. The hard work paid off, as all four teams scored well. The Algebra I team, taught by Mrs. Katherine Thurman, took the first place trophy. The Geometry team, taught by Mrs. Cynthia Lanius, also took first place. The Algebra II team, led by Mrs. Betty Mayberry was the first place winner in that category. The Advanced Topics I team led by Mr. Merlin Sanders, took second place. All four teams competed against over twenty other high schools from in and around Nashville.

First place in Algebra II goes to team members Maggie Nett, eighth, Rebecca Anderson, first, Ann O'Rourke, ninth, Beth High, third, Greg Gulturshot, fifth, David Neville, fourth, Jamie Shelley, second, and Rob Paulson-over, sixth.

New Officers Are Elected

The Student Council of Gallatin High School once again held its election this year. Student Council office elections are important to the life of the school. Officers have much responsibility and must represent the entire student body.

Students running for offices must obtain a 3.0 GPA and have 50 of their schoolmates sign a petition. After the requirements are satisfied, the hard work begins. Signs are made, speeches are written, and hands are shaken in an attempt to win votes. Then election day comes.

This year's candidates were as follows: Joann Mullins (unopposed) for Sec./Tres., David Neville and Shannon Gray for 2nd vice president, Tommy Williams (unopposed) for 1st vice president and Dan Puryear and David Baker for president. All the candidates ran a great campaign.

The class of '89 can look forward to a great year. The leadership of next years Student Council officers will be: Dan Puryear, president; Tommy Williams, 1st vice president; David Neville, 2nd vice president; and Joann Mullins Secretary/Treasurer.

Their duties are: president, moderator of meetings and the making of annoucements; 1st vice president, sergeant at arms; 2nd vice president, helps secretary; and Sec./Tres., handles financial matters and keeps record of attendance.

Cabaret Is Crowd Pleaser

The fifth annual Cabaret was a huge success, as the cast left with the crowd yelling for more. With an eye catching set, as well as the hard work demonstrated by first year director Barry Fowler, the quality of the acts was evident.

Guests were served fudge cake in the commons area. Then they moved to the Little Theater, as the show began at 7:30 with the traditional singing of "Come to the Cabaret."

The Performers demonstrated their versatility in performing the popular hit "LaBamba" and then the Jazz style of "Everybody Loves My Baby", both were crowd pleasers. However, the patriotic ending brought the crowd to their feet and a successful ending to the 1988 Cabaret.

Seniors Share Picnic

The annual Senior Picnic was held on Friday the 13th of May. Over 300 seniors headed for the traditional picnic ground otherwise known as Shelby Park.

Although they were only at the park a few short hours these seniors filled the day with many memorable events. Shortly after arriving at the park, everyone dispersed, heading for their chosen picnic sites.

The menu of the day included everything from deli sandwiches to 8oz T-Bones. Homemade chocolate chip cookies made by the cafeteria staff provided just the right accent for the trip.

The highlight of the day was the superb matchup of students vs. faculty in the annual softball game. When Monday morning announcements were made the faculty was declared the victors.

This year's Seniors Honors night was held on Thursday, May 26, 1988. The evening began as hors d'oeurves were served in the lobby. Soon the activities moved into the Little Theater. Approximately 120 seniors, their parents, faculty members, college representatives, and other outstanding members of the Gallatin area gathered for the presentation of awards.

Awarded this year were numerous scholarships, both academic and athletic, community service and achievement awards, the Senior Service and Merit Awards and as always the Anonymous Award. This graduating class of 1988 proved itself on this evening, receiving more scholarship money than any prior class.

The evening itself, a success as usual, was complimented this year by the slide presentation of the Senior Superlatives.

Graduation Is June 9

The experience of the pleasant summer evening was unique for the three hundred thirty-three members of the graduating class of 1988. Organized and directed by Coach Vradenburg and Mrs. Payne, the seniors assembled in the Little Theatre prior to the ceremony. Mr. Herron delivered his final words of guidance to the class and requested dignity throughout the ceremony. After a scurry for hairpins, a securing of collars and last minute congratulations, the graduates combined hopes and memories to make the evening unforgettable.

Amid both apprehension and anticipation, the graduates in the Academic Processional entered the gym to music played by the band. The seventy-third annual commencement held on Thursday, June 9, 8:00 was shared with a capacity crowd. Following the invocation and welcome by GHS Student Council President, Ed Oldham, special award winners were announced.

Good fortune filled the air as Mr. Herron presented the diplomas. As tradition dictated, the graduates reversed their tassels and joined hands to sing the Alma Mater.

"We Make The Better Best"

The Pride of the Green Wave Marching and Concert Band has had one of the finest years in the history of Gallatin High School. Their motto, "We strive to make the good better and the better best," has really laid a solid foundation of Green Wave PRIDE in the band's performances. With their quality performances and exciting shows, the band did not only win the fans' enthusiastic receptance, but also won over judges at every contest. In addition to all home and away games up to the Clinic Bowl, the band attended the Sumner County Marching Expedition, the Middle Tennessee School Band and Orchestra Association Marching Festival, the Columbia Invitational, the Franklin-Simpson Marching Contest and the coveted "Contest of Champions" in which the band placed fourth in the state. In addition to this grand honor, the band's performance is viewed internationally on educational television. They received all superior ratings at all of the above events.

The concert season for the band again offers quality performances. The winter concert features high quality music of a more popular genre, while the spring concert presents the crowning of the year's queen and escourt contest.

Performers Lead Vocal Groups With Talent

When the Gallatin Choral Department is being discussed, it seems that the Performers always receive much of the attention. The Performers consists of sixteen members who must participate in strenuous auditions which inlcude singing, dancing, and sightreading, in order to make the group. Members are also required to rehearse many extra hours in order to achieve satisfaction, but the work pays off, as is the case in '87-'88.

Barry Fowler became Director of the Choral Department in 1987 and has continued the past success of the Performers as well as several new achievements. Performing for the community at Fairview, Kiwanis and Rotary Lady's Nights, Basketball Homecoming, One-Acts, and Cabaret, the Performers also represented Gallatin at the Middle Tennessee State Choir Festival and the Tennessee Tech Festival in April, winning superior ratings in both. The group placed First in the Mid-Tenn Choir Festival, proceeding on to the state competition. Both are new experiences. With the Performers leading the way and setting new standards, nothing but top quality singing and dancing can be expected in the future.

Varsity

The 1987-88 Varsity Choir performed very well throughout the school year. Under the new direction of Barry J. Fowler, the choir sang in three major performances which included the Christmas Concert and Cabaret at Gallatin High School and a festival at David Lipscomb. The Varsity Choir also participated in the All-County performance.

Some songs performed by Varsity in the Christmas concert were "Jesu Joy of Man's Desiring," "Blow, Blow Thou Winter Wind," and Jesus, Jesus, Rest Your Head." In Cabaret, the Varsity sang "Yes Sir, That's My Baby," and "Bound For Jubilee." At the festival, the Varsity Choir received good ratings in tone quality and sight reading. 1988 was a very successful year for the Varsity Choir.

Key Club Expands

The 1987-88 school year was very good to the Gallatin High Key Club. One development which seemed to have the greatest impact on the club of any event or achievement was the addition of female members to the club. Coupled with this was a well executed and enthusiastic membership drive in the early fall which helped to increase the club's membership by 300 percent from thirty-five members to 125 members.

This fantastic membership increase enabled the club to complete several important projects. As early as one month before school started, the officers began meeting to plan activities and fundraisers for the club to carry out. They decided upon four major fundraising activities and two charitable contributions which would be made.

As always, the Key Club produced the basketball program for which each member in the club was responsible for selling a certain number of ads. These funds would be held in reserve for the Key Clulb Scholarship Award which would be given to the Most Outstanding Key Clubber. The next fundraiser would be collecting money at the gate of the visitors' parking area at home football games. Also, during the football season, the Key Club sold popcorn at home games and candy at break in the high school on numerous occasions. The funds from these two activities were then used to buy toys for needy children at Christmas which was a joint effort between the Key Club and the Sumner County Sheriff's Department.

Later, in the spring, the First Annual Faculty Follies was held. This was a faculty talent and comedy show which was held during school and for which there was a one dollar admission. The Follies were a tremendous success and enough money was raised to have the school parking lots restriped — a service of which the school was badly in need. Mr. Lannom, Mrs. Arnette, and Ms. Lain are sponsors.

The Gallatin Senior High Beta Club was active throughout its district and community. Club members were successful in "¿Que Pasa?" quizzes about current events and academic competitions held at all District Beta Club meetings. At District level, Maggie Oldham served as Vice-President and aided in the organizing of a meeting hosted by GHS. Scoring well in the Quiz Bowl at the State Beta Club Convention were Lisa Locke, Ed Oldham, Dawn Sloan, and Lee Ann Hagewood. Displaying their talent at State level, members of the Beta Club Talent Competition placed second. Members served at the Top Thirty Banquet, helped at the Task Force Meetings, and tutored students. NFL Increases Winnings

This year's National Forensic League traveled to four meets in Tennessee and Kentucky and increased their winnings by a great deal. The officers, selected by accumulation of points recorded at the national office in Ripon, Wisconsin, are Laura Black, President; Joanna Sloan, Vice-President; Dan Puryear, Secretary; and Joan Baker, Treasurer. This year's victories included a 3rd place in Interpretation by Joanna Sloan; 4th place in Poetry Interpretation by Joan Baker with a poem written and published by Miss Reed; a 5th place Prose Interpretation by Yancy Pearson and a 5th place Poetry Interpretation by Glinda Hart. This was a far cry better than last year's one victory by Becky Stout. Joanna Sloan, Sophomore, headed out this year's season with another final victory in Poetry Interpretation. Leanne Hagewood, Senior, was awarded a district victory in the Voice of Democracy Contest sponsored by the VFW. Present members who have attained credit points from the National Office and recognition are: Laura Black, Joan Baker, Reagan Ray, Glinda Hart, Tracy Warren, Yancy Pearson, and Joanna Sloan.

Drama Club Gives Help

The Drama Club is a technical support group for all theatre activity at the school. Last year's technical member of the year was Terry Tarpley with this year's recipient being a Freshman, Tim Bigham. The United States Speech and Drama Award for Recognition in Theatre went to students in the following three divisions: Speech — Joanna Sloan, Leanne Hagewood, and chris Crow; Drama — Laura Black, Angie Harper, Glenda Hart, Tommy Williams, Craig Garrett, Dan Puryear, Corey Lewis, and Harley Hjerpe; Production and Technical Work — Joan Baker, Jennifer Moore, Tim Bigham, and Terry Tarpley.

The Drama Club has an annual induction where prospective new members dress in storybook and fantasy characters.

Yearbook Celebrates 50th Year

Under the direction of Leanne Bell, the 1988 Green Wave Yearbook has celebrated its fiftieth anniversary with the "Making Waves." The yearbook staff has created a book of memories with emphasis on class activities.

Early in the year, days are spent in learning layout and design procedures. Cropping pictures, identifying people and writing copy are just a few of the assignments. The first deadline includes the class sections which are representative of the entire student body. The color deadline is perhaps the toughest because any picture to be printed in color must be shot, returned, sized and returned again.

Undertaking the task of "yearbooking" are students Shelby Patterson, Tanya Nixon, Dawn Rutledge, Tim Wright, Drew Carr, Doug Alexander, Robin Horner, Renee Bohanon, William Talbert, Leanne Bell, and Nikki Himebaugh. The yearbook is sponsored by Mrs. Cynthia Poole. Other faculty members involved with the yearbook include Mrs. Bivens and her journalism class, Mrs. Tinsley, school day pictures, and Mrs. LaVeck and Mrs. Prather, ads.

Journalism Begins Video Yearbook

Journalism at Gallatin Senior High School answers to many names — *Green Wave Gallery*, "GHS Airwaves," and "Wave Lengths". "GHS Airwaves" is a radio production operation which begins with news stories written and scouted by students in the class. Vol State's WVCP 88 hosts two students from the class each week for an hour of music and news.

"Wave Lengths" is a parent-oriented newsletter that is prepared by the journalism class and printed by the GHS graphic arts department. Spotlighting students honors and awards, the newsletter keeps parents aware of events at GHS.

Green Wave Gallery is a special edition senior newspaper that focuses on senior achievements.

As an added feature this year, the class is producing a video yearbook in conjunction with a professional video company, MCV, Inc.

OEA Has Cancer Drive/Special Olympics

The Office Education Association is an organization open to anyone who is enrolled in a vocational office education course. Students can be members at the local, state, and national levels. The sponsors are Deloris Schreiner, Elaine Stephenson, and Ann Cobb.

At the first chapter meeting officers were elected as follows: Debbie Crank, President; Dana Driver, Vice President; Teresa Hicks, Secretary; Bridget Rogers, Treasurer; Dameron Tennant, Parliamentarian. In the fall, the officers and sponsors attended a state leadership conference held in Nashville.

Competitive events are held for students at the regional, state, and national levels. Students must place first in their division at the regional competition to advance to the state level, and there they must place in the top three of their division to advance to the national level which will be held in Louisville, KY, this year.

Each year, OEA participates in the Leukemia Type-A-Thon to raise money for the Leukemia Society to use in research. In the years past, this organization was able to raise from $400 to $1000. This year they held their Type-A-Thon on April 18.

FHA/HERO Compete State

The combined clubs of Future Homemakers of America and Home Economics Related Occupations were strong through their great participation at district and state levels as well as throughout the community. With the help of their sponsors, Joann Bates and Sandra McDonald and Wanda Armstrong, the officers of this year's chapter are as follows: President, Tammy Davenport; Vice President, Anne Rush; Secretary, Sheila Gross; Treasurer, Cindy Bolton; Parliamentarian, Tanya Goodall; Historian, Jennifer McCracken; Reporter, Connie Thacker; Executive Committee Member, Lori Woodward. Delegates to State meetings are Cindy Bolton, Lori Woodward, Connie Thacker, Sheila Gross, and Jacqueline Robinson.

FHA/HERO members greatly contribute toward their community and school while they receive experience. Students work in area day care centers and kindergartens for a total of twenty-four weeks on Tuesdays, Wednesdays, and Thursdays during school hours from 8:00 until 10:00. During Homecoming week, FHA/HERO sponsored a "Mr. Legs" contest where students voted for who had the best looking legs among the boys basketball team and coaches. The money raised from this project went to buy a basketball goal, two basketballs, and two dolls for the Gallatin Day Care Center.

The new individual project for FHA/HERO students to better themselves is entitled "Power of One". The students from the HERO class that competed in this project and were recognized at the state meeting were Lori Woodward, Connie Thacker, Cindy Bolton, and Sheila Gross.

FHA/HERO members received many awards at district and state levels.

Computers Match Mates

In Computer Data Processing, each class has its own individual set of officers.

The computer classes have participated in the Office Education Association's competitive events. At the regional level, LeeAnn Hunt competed in Computer Data Specialist and Business Math, and Shannon Potts competed in Proofreading/Editing. LeeAnn, advanced to compete at the national level in Computer Data Specialist and Business Math. Four students also competed in a programming contest at MTSU: LeeAnn Hunt, David Robinson, Shannon Potts, and Chris Huckaba.

In the spring, members "help" themselves to a trip to Opryland. This trip is a way of expressing appreciation to club members for all their time and effort during the year. Other activities include collecting litter on the campus and displaying a different bulletin board monthly which highlights special events during the year.

A scholarship is awarded to a deserving senior club member. Money for the scholarship is generated through candy sales at break.

Baseball Wins District/10-2

The Gallatin baseball team had a memorable year. They finished the season with a record of 20-9. The Wave was under the direction of Coach Jerry Joslin. The Wave won the District title during the regular season. They also won the District tournament. They ended the year finishing runnerup in the region. This is the fifth time in the past nine years that Gallatin has won the District, and the seventh time they have advanced to the region.

Gallatin ended the regular season with a 10-2 district record. They defeated Hendersonville and Smyrna in the tournament. The Wave upended Clarksville Northwest in the championship game.

This year's team was led by seniors Bubba Dunn, who was voted the District's Most Valuable Player, Scott Baughn, Ty Kirby, David Coley, Steve Farley, Richie Harville, Richard Cox, Lamar Duncan, and Troy Martin.

Coach Vradenburg Declares '88 Season Completion Of Twenty-Two Year Coaching Career

The boys Varsity Basketball Team had an up and down season before finishing at 9-14. The boys struggled all season, but just could not seem to find that spark. The season culminated with a 62-59 heartbreaking loss to Hendersonville in the first round of the district tournament.

The team is under the leadership of Coach Jerry Vradenberg who is ending a dynamic career. In 1973, his team won the coveted state championship. In the decade of the 1980's, the Green Wave boys teams have appeared in three state tournaments, including the last two years. The team is also under the leadership of Coach Vradenburgs longtime assistant, Coach Richard Stephenson.

This year's seniors include Tony Brinkley, Lamar Duncan, David Coley, Corey Lewis, and Steve Bringard. They were all a valuable asset to the team.

Lady Wave Advances To Sub-State

The 1987-88 girls' varsity basketball team has had another banner year. Finishing the season with a 24-4 record, the Lady Wave made it to the Sub-state.

The Lady Wave ended the regular season with a record of 20-2. They are the reigning dsitrict champs, finishing with a district record of 12-0.

The Lady Wave's biggest rival turned out to be Beech. They seemed to trade games with each other. The Lady Wave defeated Beech in the championship game of the District Tournament and fell to them in the region finals.

The team was strengthened by the powerful seniors, who are as follows: Stacey Stverak, Amy Lannom, Debbie Scott, and Lisa Locke. This group can reflect on the coveted State Championship won in '87 and remember that they each had the chance of a lifetime playing for Gallatin Senior High School.

Debbie Scott was named the best high school girls' basketball player in the state in Class AAA.

Frosh Wave Plays District Semis

The Freshmen Wave basketball team finished with a record of 5-8. It seems that they got off to a slow start. The team pulled together to make it to the semifinals of the district tournament.

The Wave started out 2-7, but won three in a row to finish the regular season. The Wave downed Hawkins 61-48 in the first round of the tournament, but fell to Beech 75-57 in the semis. According to Coach Borders, "the team started very slow but won four of its last six games and was eliminated from the district tournament by champion Beech."

There were several players who received honors. Marlon McMurry was MVP. He was the leading scorer, rebounder, and a hustler on the court. Michael Hale was the most improved player. Jason Haile won the assist award by leading the team for the year and having two games with a record tying eight assists per game.

Frosh Gain Valuable Playing Experience

Even though the freshmen girls' basketball team finished 1-11, they gained valuable experience for their upcoming varsity season.

The Lady Wave gave their best. They exemplified Green Wave pride while on the court. They also showed good sportsmanship and never gave up hope. The coach for this year's team is Coach Rob Archie. He prepares the players for their future basketball career.

The team consisted of hustling, leadership, and pride in Gallatin Senior High School. The members of the team are Julie Bills, Toni Mitchell, Debbie Sleamon, Demedia Brinkley, Tisha Griffin, Melanie Scott, Leanne Kohler, Kristen Rhodes, and Jennifer Isaacs.

Cross Country Teams Have Fought Their Way To Successful Season

The Cross Country teams had successful seasons. This was really no big surprise. Both Cross Country teams are always competitive. This is all because of Coach Don McPheron. He helps his members reach their full potential.

The girls' team started a tradition of making it to the state finals. This year's Senior squad can say that they have gone to the state three times and became State Champions two years in a row. The 87-88 girls' team finished ninth in the state.

Coach Don McPheron expresses his feelings by saying "The girls have been fighters all season and they did a great job." Seniors on the squad include Kristi Kiber, Jennifer Binkley, Leanne Haile, Jodi Stevens, and Kim Lee.

The boys' team also did well. The team was led by Tom Knapp and Ken Johnson. They are the only seniors on this year's squad.

Included in their accomplishments are Two State Quarter-Final Championships, a Semi-Final Championship, Three Region Five Championships, Runner-Up in the State Finals and continual ranking among the top of all state high school football polls. Several of the Seniors will continue playing football at the college level, as they have received scholarships from schools throughout the South. The following names of graduating Seniors are: Bubba Dunn, Steve Farley, Vince Oldham, Lamar Franklin, Corey Lewis, Lance Lassiter, Greg Cothron, Greg Nycz, Mark Bradshaw, Sammy Malone, Chad Wilson, Rodney Mitchell, Chuck Gibson, Chuck Goad, John David Blair, Rodney Pryor, David Robinson, Jeff Hartman, Jim Payne, Randy Fuqua, Tim Wright, Rob Ring, Maurice Williams, Donnie Maib, Darwin Barr, Micheal Bickerton, and Todd Reynolds. Victorious Wave Travels To Clinic Bowl/Loses To Jefferson County

The Gallatin Green Wave football team had another banner year. The Wave finished second in the state behind Jefferson County. Many fans counted the Wave out after losing to Smyrna and Germantown. The mighty Green Machine picked up their chins and bounced back with a 38-33 victory over Oak Ridge.

The Wave's secret of success was the fact that they never lost faith in one another. The Wave seemed to have become a whole new team. They traveled to Franklin and drilled the undefeated Rebels 28-7. Gallatin then dispatched Brentwood with a score of 35-7 in the Homecoming game.

The Wave opened the TSSAA State Playoffs with a 56-6 romp of Clarksville. A triumph over Germantown 24-10 in the semi-finals made history. This is the first Gallatin team to beat the powerhouse Germantown The season included victories over district rivals Mount Juliet, Hendersonville, and Beech.

The season ended with a heart-breaking loss to Jefferson County.

It's Game Time!

Inspirational Ritual Sets Mood

The football team goes through many steps to get ready for a game. Before getting on the bus, every member of the team must check his equipment. After all players are on the bus, each player must remain quiet until the trip is over. When the bus arrives at the football field, all players then hang up their equipment and concentrate on the game. At the appropriate time, all players are given a pep talk by Coach Short and any other coach who wants to express his feelings about the game. The team then remains quiet while all members of the kick-off team, starting offense, and defense are being called.

Togetherness is the team's most important asset. All players feel secure when Coach Joslin recites the locker room prayer. The prayer begins: "Men, if you're praying for the game of life, pray to win, because God wants it that way. But, if you're praying for the game of football, pray in your own way. Pray not to win for God willing, we shall. Pray that no one on either team is injured. Pray to give 100% of your mind, body, and spirit. Pray that God will allow you to come together as a team. Thank God that you can play for Gallatin Senior High School. Men, good Luck, God bless you, and we love you. Amen."

After the prayer, the mood changes and all the guys begin hitting each other on the helmet and revving up for the game. Coach Duke offers a final word of encouragement as the players head for the field. It's game time!

The team then goes onto the field fired up. They go through agilities and begin getting ready for the game. The coaches begin to pace the sideline and give last minute information. The captains walk out onto the field for the coin toss. A decision is made by the players. Now it is kick-off time!!

The freshmen football team put it all together in 1987 and finished with an 8-0 record.

The Wave was virtually unstoppable as the closest margin was by 14 points.

The Gallatin freshmen team opened the season with a 46-6 stomping of Franklin-Simpson. The year also included victories over Springfield, Lebanon, and Hawkins. The Green and Gold downed county rivals, Beech 41-0 and Knox Doss 41-6. The Wave capped off their banner year with a 42-0 slashing of Mt. Juliet.

Markell Rice was the backbone of this year's squad, as he returned light punts and kickoffs for touchdowns.

The Wave had a great year. They all worked to achieve their goal. Their success was determined by the players hard work and dedication. The team was under the direction of Coach Johnson and Coach Colquitt. Principal Writes Seniors Letter

Dear Seniors:

I am honored to be completing twenty-five years as principal of Gallatin High School. You, along with previous graduates, have provided me with many memorable experiences. Members of the class of 1988 have enriched my life in numerous ways. Continued association with students has helped me to retain a positive and enthusiastic outlook.

Through the efforts of students, teachers, and parents, we have sustained and strengthened the tradition of Green Wave Pride. Our achievements will provide new opportunities and challenges for upcoming students.

Many of you will be departing for college, while others will be seeking jobs in the world of work. To each of you, I extend my personal best wishes for success and happiness.

Sincerely,

Offices Depend On Students

Offices throughout the school depend on the efforts of student helpers. The main office workers work closely with Mrs. Chandler and Mrs. Redmon on absentees. The guidance workers take messages as the counselors need to see individual students regarding tests and schedules. The workers for the assistant principals are involved with numerous tasks wherein students are needed. The overall operation of the school day depends on the work of student helpers.

Staffs Offer Super Service

Not a day passes that the efforts of the maintenance and cafeteria staffs are unnoticed. The fifteen year old building has been maintained in such a way that it defies its age.

The cafeteria is one of the favorite places for many to gather beginning with breakfast before school. With a variety of lines available everyday, there is always a rush to get served lunch.

Upper left: John Tyree is the maintenance engineer for the school plant.

Upper right: Frank Brewington is supervisor of all janitorial services.

SOPHOMORES

"I can't believe I survived Mrs. Fanning's jokes, learning to drive, being called "Penelope" all year long by Senor Bubb, extracting a gushy frog brain, the smell of dead sharks, hunt and peck typing, right triangles, the homework load, not being embarrassed at pep rallies because I am no longer a freshman, and my Sophomore year."
